GIS Technician / Geodetic Engineer / Data Processor

EXPERIENCE WITH:

ArcGIS 10.2, ArcGIS Server 10.2, AutoCAD 2017, Civil3D 2017, MS Office Applications

WORK FUNCTIONS:

GIS Technician / Data Processor

- Performed spatialization of field surveyed information and data derivation from existing GIS/RS/CAD datasets (i.e. digitization, coordinate system transformations, encoding of attributes, conversion of table information and as-built plans, etc.) following prescribed project/company/client/industry standards/requirements.
- Performed QA/QC of existing/newly derived datasets to resolve discrepancies and ensure data accuracy, consistency & compatibility prior to loading unto master geodatabases in order to preserve overall data integrity.
- Prepared maps, plans & profiles and area & volume calculations for reporting/planning/bidding purposes.
- Assisted in publishing web map services in support of company initiatives/client requirements.
- Assisted in troubleshooting issues encountered by the data processing team to verify if issues encountered were due to procedure, software limitation or bugs.
- Attended project meetings/site inspections as required and collaborated with analysts/engineers to gather input and/or discuss issues encountered.

Geodetic Engineer

- Conducted control, topographic, relocation, subdivision and road right-of-way survey works.
- Processed field survey data.
- Prepared traverse/levelling computations, maps, plans & profiles and area & volume calculations for reporting/planning/bidding purposes.
- Attended project meetings/site inspections as required and collaborated with analysts/engineers to gather input and/or discuss issues encountered.

PROJECTS HANDLED: November 2007 ~ April 2019

AL MUSTAFAWI TRADING & ENGINEERING COMPANY

D-Ring Road, Villa 188, Doha, State of Qatar, P.O. Box: 22103

January 2017 – to present

GIS Technician (ASHGHAL Public Works Authority, Team Hired)
Road Infrastructure Data Conversion Project

Data Processor
Roads & Utilities Projects

GREAT LAKES DREDGE & DOCK COMPANY, LLC

Flat 41, 4/F Impact House, Bldg. 662, Road 2811, Block 428, Al Seef District, Bahrain
March 2016 – December 2016

GIS Technician
Dredging and Reclamation Projects

PHILIPPINE COMPANY (Various)

Manila, Philippines
November 2007 – February 2016

GIS Professional
Oil Spill Response Management and Environmental Mapping Projects
Agricultural Resources Assessment Project
Water Distribution Network Project
GPS Navigation and Tracking Solutions Project
ESRI ArcGIS Software Support Services

Geodetic Engineer
Control, Topographic, Relocation, Subdivision and Road Right-of-Way Survey Projects

LICENSE:

BOARD OF GEODETIC ENGINEERING, Certificate No. 8146

Republic of the Philippines Professional Regulation Commission
October 11, 2007

EDUCATIONAL BACKGROUND:

Collegiate	UNIVERSITY OF THE PHILIPPINES - Diliman
	Bachelor of Science in Geodetic Engineering
	2006

I hereby certify that the above supplied information is true and correct to the best of my knowledge.
